

Seesaw – Parent’s Guide

This is a guide to help you navigate your way through Seesaw. There are also some tutorials that we have linked in.

You will notice 3 tabs. They are labelled as Journal, Activities and Inbox.

Journal		The journal is a record of children’s learning over the academic year. It is also an area which you can use to share learning which has taken place outside of school.
Activities		This is an area where teachers post new learning and activities.
Inbox		The teacher can post whole class or individual messages directly to the children via the inbox tab.

How to respond to an activity

Counting to 10.

Count each set of animals and write the number in the box.

1. Tap the + button.
2. Count the animals.
3. Write the number in the box.
4. Tap the ✓.

Step 1: Click on the green 'Add response' button

0 Responses, 0 Waiting for Approval, 0 Drafts, 16 Not Responded

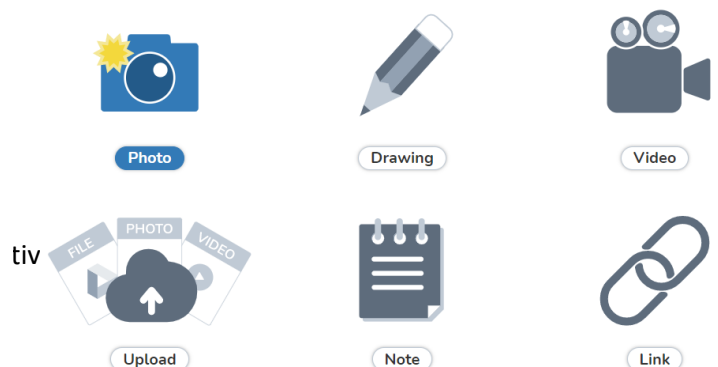

Assigned on Jan 11 at 11:30 AM

Assigned to All Students in Robins

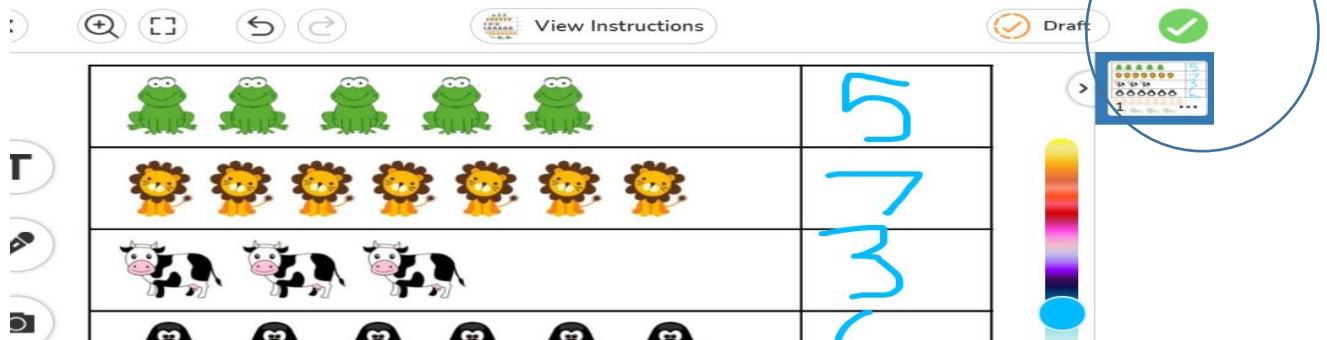

Step 2: Choose a Seesaw tool to respond to activity.

Sometimes teachers will request that children use a specific tool to complete the activity (for example the drawing tool) or provide children with a template to add answers. You can also take or upload photos or videos if the work is practical (making something) or verbal based (acting out a story)

Step 4: When you are finished click on the green tick.

The work is now automatically uploaded to the teacher's folder and awaiting a response.

Creative tools

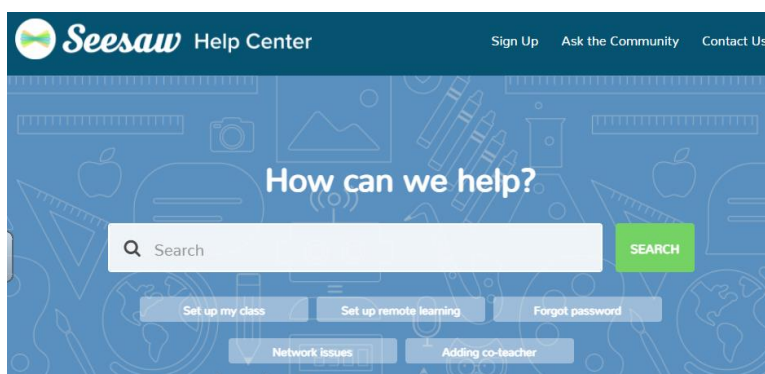

Tool	Description
	<p>This photo tool allows children to take pictures of their work. When you tap the photo tool you will be able to take a photo using your device to add directly to Seesaw. Make sure you “allow” camera access when prompted!</p> <p>You can use this tool to:</p> <ul style="list-style-type: none"> • Add images of children’s work • Document experiences • Simultaneously draw and record audio
	<p>The drawing tool allows children to create digital artwork. When you tap the drawing tool you will be shown a blank canvas on which to create your work. There are a variety of drawing, photo, labelling tools as well as a full rainbow of colours to choose from.</p> <p>You can use this tool to:</p> <ul style="list-style-type: none"> • Simultaneously draw and record audio • Write/draw/show answers or any working out • Add a photo collage • Add backgrounds and shapes using shape and background tool • Create art 

	<p>The video tool allows children to take videos. When you tap the video tool you will be prompted to “select or drop a file” or “record a video”. This means children can upload an already created video OR record one live to add to their journal.</p> <p>You can use the tool to:</p> <ul style="list-style-type: none"> • Record show and tells • Record stories • Record reflections on activities • Answering questions • Showcase children’s reading skills • Document experiments
	<p>The upload tool allows you to add files. You can upload photos and videos straight from your phone or tablet. You can connect Google Drive to easily add files and slides directly from the drive.</p> <p>You can use this tool to:</p> <ul style="list-style-type: none"> • Upload and annotate • Add files to annotate from your computer to SeeSaw
	<p>The Note tool allows you to write and publish text notes. When you tap this tool you will be shown a lined page to type your thoughts on.</p> <p>You can use this tool to:</p> <ul style="list-style-type: none"> • Write a reflection • Create journal entries • Send a note to your teacher
	<p>The Link tool allows you to add links. When you tap this tool you will be prompted to paste a link that you have saved on your clipboard</p>

Here is the link to a video tutorial that guides you through how to use Seesaw
