Newsletter: 3rd January 2022

Dear Parents, carers, pupils, staff and governors

I hope that you had an enjoyable Christmas and would like to take this opportunity to wish you and yours all the very best for 2022. We are looking forward to welcoming the children back for the start of Term 3 when school reopens tomorrow, Tuesday 4th January 2022. Breakfast Club will be open as usual from 7.45am. After school clubs start the week beginning January 10th and bookings open on Wednesday 5th January via www.schoolgateway.com

Covid-19 Update

The current high rates of COVID-19 may cause difficulties with the availability of staff in the weeks ahead. Our priority is to keep the school open and continue face-to-face education. If and when workforce issues arise, we will use existing teaching and teaching support staff and supply staff when available.

Information on the changes to the self-isolation period for individuals who test positive for COVID-19

Since Wednesday 22 December, the 10 day self-isolation period for people who record a positive PCR test result for COVID-19 has been reduced to 7 days in most circumstances, unless you cannot test for any reason.

Individuals may now take LFD tests on day 6 and day 7 of their self-isolation period. Those who receive two negative test results are no longer required to complete 10 full days of self-isolation. The first test must be taken no earlier than day 6 of the self-isolation period and tests must be taken 24 hours apart. This also applies to children under 5, with LFD testing at parental or guardian discretion. If both these test results are negative, and you do not have a high temperature, you may end your self-isolation after the second negative test result and return to your education setting from day 8.

Anyone who is unable to take LFD tests will need to complete the full 10 day period of self-isolation. Further information is available in the [stay at home: guidance for households with possible or confirmed COVID-19 infection](#).

Daily testing for close contacts of COVID-19

People who are fully vaccinated, or children and young people aged between 5 and 18 years and 6 months, identified as a close contact of someone with COVID-19, should take an LFD test every day for seven days and continue to attend their setting as normal, unless they have a positive test result or develop symptoms at any time.

Children under 5 are not being advised to take part in daily testing of close contacts. If a child under 5 is a contact of a confirmed case, they are not required to self-isolate and should not start daily testing. If they live in the same household as someone with COVID-19 they should limit their contact with anyone who is at higher risk of severe illness if infected with COVID-19, and arrange to take a PCR test as soon as possible. They can continue to attend an education or childcare setting while waiting for the PCR result. If the test is positive, they should follow the [stay at home: guidance for households with possible or confirmed COVID-19 infection](#).

The information above has been taken from the government's updated guidance for parents and carers which you can read in more detail by clicking [here](#) or on the link below:
