

## Results of Annual Parent Survey November 2014

A copy of the survey was sent home with each child. A total of 167 surveys were returned and counted although the results for individual questions answered ranged from 154 to 167 as some parents/carers did not answer all of the question or ticked two answers for the same question. Please note, the total percentages do not always add up to 100% because of rounding up or down.
