

# Community

By Elbethel JI

I am a citizen of my society  
And I participate in my community  
I do my part, I keep it clean  
I make this world a better place for you and me

I love my neighbour, I treat them good  
I show respect and dignity like I should  
I love my family, I follow the rules  
I take responsibility for what I need to do

There's so much going on around me  
Sometimes I think it's all about me  
Then I look around and see  
What's in front of me  
It's you and me helping each other in need

I do all I can do to make this work as better place  
To show respect to my neighbour and the whole human race  
Citizenship is who I am and do,  
I take care of the environment,  
How about YOU?
